Salary Sacrifice

Car Salary Sacrifice Scheme - For more information click here.

Bike Salary Sacrifice Scheme - For more information click here.

Technology Benefit Sacrifice Scheme - For more Information click here.

Wagestream

Wagestream is a financial wellbeing scheme that gives you more control over your finances through a personal app. The App provides a suite of tools that enables you to track your earnings in real-time, save direct from your pay as well as early access to a capped percentage of your earned wages. Click here for more information.

Pensions

Staff who are transferring to NHS terms and conditions will automatically be made a member of the NHS Pension Scheme. It is a tiered contribution rate based on your whole-time salary, ranging from 5.1% to 13.5%.

The Trust contributes a whopping 20.62% to this compared to a low 4.5% average for private sector pensions. It is your decision if you wish to opt-out at any point, however you may re-join at any time in the future. The pension scheme offers protection against ill health retirement and a death in service payment equal to two years' salary.

You can also contact the Pension Scheme for any questions on 0300 3301 346 or visit the website www.nhsbsa.nhs.uk/nhs-pensions.

NHS Pensions & Retirement (sharepoint.com)

Annual Leave

Excellent annual leave entitlement: 27 days, rising to 29 after 5 years' NHS service and rising to 33 after 10 years' service, in addition to bank holiday entitlements. This means you could have 35, 37 or even up to a whopping 43 days off per year depending on your length of service!!

Buying or Selling of Annual Leave

The Buying Annual Leave scheme is in place to allow colleagues the opportunity to flex their terms and conditions to support their health and wellbeing and take period of unpaid leave of no less than 1 week and no more than 12 weeks within a 12-month period. The advantage being that deductions can be made over the financial year so the impact on monthly pay is reduced.

On occasion the Trust recognises exceptional operational pressures and will implement an ad-hoc process which allows colleagues to 'sell back' a proportion of their annual leave. This scheme is not offered every year

Flexible staffing BANK opportunities

Increase your earnings via flexible staffing BANK opportunities. Working for the Bank can offer a very flexible approach to work, with shifts up to eight weeks in advance across all areas, all self-booked according to your commitments. For staff who are already employed, Bank work provides an opportunity to top-up your earnings as and when you need or enables you to try out new experiences and departments. Shift pay enhancements for weekends and bank holidays, can provide a significant boost to basic pay.

If you want maximum flexibility to work around your existing commitments, Bank only working can offer this opportunity with full visibility of shift availability with our electronic self-booking App. We offer a variety of shifts seven days per week, weekly pay and full training relevant to the role.

You can find out more about bank working here [Staffing Bank :: Mid Cheshire Hospitals NHS Foundation Trust \(mcht.nhs.uk\)](http://Staffing Bank :: Mid Cheshire Hospitals NHS Foundation Trust (mcht.nhs.uk))
