JOB DESCRIPTION

JOB TITLE:	Senior Clinical Psychologist / Senior Psychological Therapist in Cancer
PAY BAND:	8a
DIRECTORATE:	Specialist Services
TEAM/SERVICE:	Clinical Health Psychology
BASE:	Bennett Centre, Shelton, Stoke on Trent
RESPONSIBLE TO:	Operational Service Manager
ACCOUNTABLE TO:	Consultant Clinical Psychologist
RESPONSIBLE FOR:	Trainee & Assistant Psychologists

Organisational Chart *(Responsible to/Accountable to/Responsible for)*

Job Summary:

To deliver a highly specialist service to outpatients as an integral member of the Clinical Health Psychology team consisting of a Consultant Clinical Psychologist, Clinical Psychologists and Psychological Therapists. To provide psychological assessment, formulation and intervention to individuals and groups in order to facilitate emotional adjustment and promote improved quality of life. The post involves working with people experiencing psychological distress and complex mental health difficulties associated with living with cancer. Consultation, referral screening, pathway / service development, clinical supervision, training and risk management will form part of the duties.

To offer clinical supervision to band 7, trainees and assistants. Offering level 2 supervision and training to nursing colleague's across the cancer specialties at UHNM.

Key Duties/Responsibilities

Clinical

1. To provide specialist psychological assessment of adults with mental and physical health difficulties utilising information from a broad range of structured psychometric and semi-structured clinical

methods. To integrate this information into a psychological formulation of the client and his/her psychosocial environment, drawing on a range of psychological theoretical perspectives.

2. To provide psychological assessment, formulation and intervention to individuals and groups in a community clinical health psychology team setting in order to facilitate emotional adjustment and promote improved quality of life.
3. To undertake a range of psychological therapeutic interventions, drawing on a number of psychological models and employing a range of modalities. To make decisions about treatment options taking into account highly complex factors concerning historical and developmental processes that have shaped the individual, family or group.
4. To keep up to date with best practices and advances in practice.
5. To communicate in a skilled and sensitive manner, information concerning the assessment, formulation and treatment plans of clients under the care of the liaison service integrating the contribution of other professionals on the basis of client need.
6. To take substantial professional responsibility and exercise autonomous judgement with regard to his/her professional practice.
7. To be responsible for providing a specialist psychological perspective in the multi-disciplinary assessment of service users and their families or carers.
8. To contribute highly specialist psychological advice and consultation to the multi-disciplinary formulation of appropriate therapeutic approaches or intervention plans, and to be involved in, or oversee specialist psychological aspects of their implementation in collaboration with other staff.
9. To undertake psychologically based risk assessment and risk management for relevant clients and to provide advice on the psychological aspects of risk to the multi-disciplinary team.
10. To consult with and provide specialist psychological guidance to carers and families of service users.

Policy and Service Development

1. To participate in multi-disciplinary meetings concerned with the delivery and development of clinical services and contribute a psychological perspective as appropriate.
2. To contribute/advise, as required, to the planning and development of the operational policies and service delivery in the Team through undertaking agreed project work
3. To develop increased understanding of organisational and strategic development issues and to contribute to service developments as required.
4. To identify appropriate developments in the services provided with a view to address identified need, and to make recommendations, taking responsibility for implementing such developments as required.
5. To carry out service related development and project work under the direction.
6. To develop and maintain good communication links with the NHS, Social Services and other agencies working in the area of Adult Mental Health.

Teaching/Training/Supervision/Consultation

1. Where appropriate, to provide clinical training placements for Trainee Clinical Psychologists / psychological therapists from appropriate courses, undertaking clinical supervision and teaching on placement, organising and monitoring workload and assessing clinical competence.
2. To provide training to the team, and wider staff as required
3. To provide professional and clinical supervision as required.
4. To be responsible for regularly consulting to and advising colleagues from other professions on psychological assessment and treatment methods.

Evaluation/ Research/Development

1. To remain informed of and critically evaluate current theory and research to support evidence-based practice in own professional work and to contribute this perspective in the multi-disciplinary team.
2. To contribute to the evaluation of the Service by participating in service-related audit, research and evaluation projects. To contribute to the project management of audit, assisting colleagues to develop service provision.
3. To initiate and conduct psychologically based research relevant to the care those people using the service
4. To provide advice to members of other professions as required on research design and methodology.

Information Technology

1. Produces clinical case notes and reports in electronic format and manages them in accordance with Trust policies and professional guidelines.
2. Uses advanced computer skills including word-processing, desktop publishing, internet searching, email, databases and statistical analysis as appropriate.

Professional Standards and Guidelines:

1. Has a personal duty of care to ensure all equipment is used safely and effectively, following manufacturer's instructions, immediately reporting any defects in accordance with local procedures.
2. Uses available resources efficiently and effectively.
3. Works as an autonomous practitioner accountable for own professional practice in respect of assessment, therapy and discharge of clients within defined caseload.
4. Works within the Professional Codes of Conduct of the relevant accrediting body.
5. Professionally accountable to the Consultant Psychologist in Clinical Health Psychology.

GENERIC CLAUSES

- To maintain a broad understanding of the work of North Staffordshire Combined Healthcare NHS Trust as a whole, and actively contribute your ideas for the improvement of service provision.
- To ensure own actions contribute to the maintenance of a quality service provision.
- To be responsible for the self-development of skills and competencies through participation in training and development activities and to maintain up to date technical and professional knowledge relevant to the post.
- To participate in the Performance and Development Review and to undertake any identified training and development related to the post.
- To undertake statutory and mandatory training as deemed appropriate by the Trust.
- To develop and maintain effective working relationships with colleagues.
- To adhere to all Trust policies and procedures.

Trust Values:

As an employee and representative of the Trust, you are required to demonstrate and uphold the Trust's Values. These are:

Proud to CARE:

Compassionate

- Caring with compassion, it's about how we listen, what we say, what we do.

Approachable

- Friendly, welcoming, sharing ideas and being open

Responsible

- Taking personal and collective responsibility, being accountable for our actions

Excellent

- Striving for the best, for high-quality safe care and continually improving

Health & Safety:

All staff have a duty to ensure the health and safety of themselves and others whilst at work. Safe working practices and health and safety precautions are a legal requirement. ALL incidents/ accidents must be reported to your manager and in line with the general philosophy of the Trust, you must participate in accident prevention by reporting hazards and following relevant policies and procedures including Moving and Handling guidelines and mandatory health and safety training.

Infection Control:

Infection Prevention and Control (IPC) is everybody's responsibility. All staff, both clinical and non-clinical, are required to adhere to the Trusts' Infection Prevention and Control Policies and Procedures and make every effort to maintain high standards of infection prevention and control at all times. This includes good antimicrobial stewardship, hand decontamination, cleanliness and adhering to the Dress and Appearance policy. This will reduce the risk of Healthcare Associated Infections including MRSA and Clostridium Difficile in accordance with the Code of Practice on the prevention and control of infections and related guidance (2015).

Risk Management:

You are required to contribute to the control of risk and use the incident reporting system to alert the Trust of incidents or near misses that may compromise the quality of services.

Data Security:

To ensure that the Trust Policies and Procedures regarding data security are adhered to, and that staff are aware of their obligations under these policies.

Confidentiality:

Working within the trust you may gain knowledge of confidential matters which may include manual/electronic personal and medical information about patients and staff. Such information must be considered strictly confidential and must not be discussed or disclosed. Failure to observe this confidentiality could lead to disciplinary action being taken against you.

Equality & Diversity:

The Trust is committed to ensure that no job applicant or employee receives less favourable treatment on the grounds of age, disability, gender, race, religion or belief, sexual orientation, marital status, gender reassignment or pregnancy/maternity. We fully support the right of all staff to equal opportunities and are committed to the development of a diverse workforce.

Safeguarding:

The Trust is committed to safeguarding and promoting the welfare of children and vulnerable adults and is signed up to Stoke-on-Trent Safeguarding Children Board Procedures, Staffordshire Safeguarding Children Board Procedures and the Staffordshire and Stoke-on-Trent Safeguarding Adults Partnership Procedures. All Trust staff must be familiar with, and adhere to, these procedures. It is the post-holder's responsibility to attend the Trust's mandatory Safeguarding Training, and to follow the relevant Trust's Policies and Practice Guidance.

Codes of Conduct and Accountability:

You are required to comply with Trust codes of conduct and accountability and codes of conduct which are relevant to this post.

Raising Concerns

If you have any concerns about a risk, malpractice or wrongdoing at work you are expected, as a Healthcare professional, to raise these concerns at the earliest opportunity, either with your line manager or lead clinician. This may be done verbally or in writing. As a result of raising a genuine concern under the Raising Concerns procedure, you will not be at risk of losing your job or suffering any detriment (such as a reprisal or victimisation) provided you are acting in good faith and the matter is not raised maliciously. Please refer to the Raising Concerns (formerly Whistleblowing) procedure for further information.

Registration:

Registration with a professional body imposes a duty on health care professionals to maintain the safety of the public through working within professional standards, to provide good quality care to patients and to promote professional education and conduct. It is the policy of the Trust that all health care professionals register or re-register and act in accordance with the requirements of their professional body.

Disclosure & Barring Service (DBS)

This post may be exempt from the Rehabilitation of Offenders Act 1974. If so, should you be offered the post it will be subject to a criminal check from the DBS before the appointment is confirmed. This will include details of cautions, reprimands, final warnings, as well as convictions. North Staffordshire Combined Healthcare NHS Trust may require a Disclosure through the DBS for this post to ensure suitability for employment. Should an employee be subject to a caution, reprimand, final warning or convictions during the course of their employment then they must share this with their manager at the first possible opportunity, to assess their continued suitability for employment in the post.

THE TRUST OPERATES A NO SMOKING POLICY
