- Have an awareness of own limitations and escalate to a more senior level circumstances/situations that may be detrimental to the well being of patients or colleagues.

### **Clinical.**

- Assess patients' nursing needs, plan, implement and evaluate nursing care in order to ensure the delivery of effective patient care.
- Ensure the principles set out in the Fundamentals of Care are incorporated into daily practice to ensure a high quality service for the patients and clients.
- Maintain patients' nursing records to ensure information is accurate and up to date
- Ensure that patients and carers/relatives are involved in the planning and delivery of care.
- Ensure patient needs are met by working collaboratively with other professionals and agencies, especially in relation to ongoing care needs.
- Ensure that effective communication is established and maintained with patients and carers/relatives, taking accurate message information on the phone or from seniors, relaying all environmental and patient information to the nurse in charge and remain polite and courteous at all times.
- Communicate complex and sensitive information to patients/families, including patients with special needs/learning disabilities or other barriers to communication.
- Assess patients' suitability for discharge following medical review and instigate discharge planning arrangements. Liaise with multidisciplinary teams as appropriate to assist in complex discharge planning.
- Administer medication, ensuring that procedures are compliant with Betsi Cadwaladr University Health Board Policy.
- Carry out procedures in relation to care of patients.
- Recognise and respond appropriately to urgent and emergency situations.

### **Clinical Governance.**

- Take a proactive role in the management of risk. i.e. risk assessments, reporting incidents and near misses
- Ensure all reasonable precautions for a safe and secure environment for self and others in accordance with Health and Safety legislation, reporting any areas of concern to the Nurse in Charge
- Use evidence based practice in nursing interventions by keeping self updated in line with NMC PREP requirements.
- Ensure compliance with policies, procedures and clinical guidelines for self and others.

- Promote excellence and improve standards of nursing care by being involved in audit within the clinical area e.g. infection control audits
- Participate in the monitoring of standards and quality of nursing care, through benchmarking, audit and research.
- Participate in patient and public involvement activities.
- Promote people's equality, diversity and rights.

### **Education and Development.**

- With the relevant experience act as a supervisor
- Develop own skills and knowledge and contribute to development of others.
- Ensure own compliance with regard to mandatory training and PREP requirements.
- Develop own skills and knowledge as outlined in the knowledge and skills framework and personal development plan as agreed in an annual professional development review

### **Professional Accountability.**

- Limit your actions to those which you feel competent to undertake
- Maintain active status on NMC Register.
- Act in accordance with NMC Code of Conduct and guiding documents
- Adhere to Health Board Policies and Procedures.
- Maintain up to date skills and knowledge and maintain awareness of professional issues.
- Maintain a professional portfolio.
- Ensure that all Health Board Mandatory Training is maintained

## **GENERAL REQUIREMENTS**

### **Competence**

**You are responsible for limiting your actions to those which you feel competent to undertake. If you have any doubts about your competence during the course of your duties you should immediately speak to your line manager/supervisor.**

### **Risk Management**

**It is a standard element of the role and responsibility of all staff of the Health Board that they fulfil a proactive role towards the management of risk in all of their actions. This entails the risk assessment of all situations, the taking of appropriate actions and reporting of all incidents, near misses and hazards.**

### **Records Management**

**As an employee of the Betsi Cadwaladr University Health Board, you are legally responsible for all records that you gather, create or use as part of your work within the Health Board (Including patient health, financial, personal and administrative), whether paper based or on computer. All such records are considered public records, and you have a legal duty of confidence to service users (even after an**

employee has left the Health Board). You should consult your manager if you have any doubt as to the correct management of records with which you work.

### **Health and Safety Requirements**

All employees of the Health Board have a statutory duty of care for their own personal safety and that of others who may be affected by their acts or omissions. Employees are required to co-operate with managers to enable the Health Board to meet its own legal duties and to report any hazardous situations or defective equipment.

### **Confidentiality**

All employees of the Health Board are required to maintain the confidentiality of members of the public and members of staff in accordance with Health Board policy.

### **Flexibility Statement**

The content of this job description represents an outline of the post only and is therefore not a precise catalogue of duties and responsibilities. The job description is therefore intended to be flexible and is subject to review and amendment in the light of changing circumstances, following consultation with the post holder.
