

## Job advertisement

Highly Specialist Child and Adolescent Psychotherapist – Association of Child Psychotherapists (ACP) registered or Clinical Psychologist.

Employer: Cumbria, Northumberland, Tyne and Wear NHS Foundation Trust (CNTW).

Job Type: Permanent. Full time and part time expressions invited.

Salary: Band 8a.

Location: North Cumbria: Carlisle and Workington.

Closing Date:

This is a new and exciting opportunity for a highly specialist Child and Adolescent Psychotherapist to be part of the development of Child and Adolescent Psychotherapy in North Cumbria.

The post holder would be a member of the locality multi-disciplinary team, with Service Supervisor responsibility for an NHS England funded Child and Adolescent Psychotherapist in clinical training.

The post holder would also be a member of the Trust wide Child and Adolescent Psychotherapy forum, for supervision, development and governance. Our forum brings together Child and Adolescent Psychotherapists working across the Trust from Northumberland in the North; Newcastle / Gateshead in the Central area and down to Sunderland and South Tyneside in the south.

Each area in the region brings its own history from roots in engineering, ship building, mining, farming and the fishing industry, through for example to law, finance, science and medicine, higher education and training, tourism, politics, commerce and the arts, and fashion.

North Cumbria is well connected by road- the A69 and M6 and by rail. It covers the area south of Whitehaven, across to Carlisle, down to Penrith, and includes the town of Keswick.

We would very much welcome your expressions of interest and application.
