FOR

CONSULTANT COMMUNITY

PAEDIATRICIAN

Lead for Neurodisability

April 2024

Oxleas NHS Foundation Trust

JOB DESCRIPTION

CONSULTANT COMMUNITY PAEDIATRICIAN- Neurodisability Lead

Post Title:	Consultant Paediatrician (Community Child Health).
Grade:	Consultant salary on NHS Consultant scale (incl. London weighting)
Working Hours:	Full time 10 PAs (Part-time applicants are welcome)
Tenure:	Substantive post
Professionally Accountable to:	Lead Clinician and Clinical Director, Oxleas NHSF Trust
Managerially Accountable to:	Clinical and Service Directors, Specialist Children's Services

At Oxleas NHS Foundation Trust, we offer a wide range of NHS healthcare services to people living in South-East London and to people in prison across England. Our wide array of services includes community health care, such as district nursing and speech and language therapy, care for people with learning disabilities and mental health such as psychiatry, nursing and therapies. Oxleas is a great place to work.

It has been recognised as one of the Top 10 Best Places to Work 2023 by the Sunday Times amongst very big employers. Our staff survey results show that we are in the Top 5 in England and the highest in London for staff experience amongst similar trusts.

"We are always delighted to welcome new colleagues to the Oxleas family. We care about making Oxleas a great place to work - it's a big priority in our strategy. Come and join us - it's a place where our values, teamwork, equity, and wellbeing matter and where you can really help to improve people's lives."

Ify Okocha
Chief Executive

We have distinctive values at Oxleas - We're Kind, We're Fair, We Listen, We Care. Our values are very important to us. They help Oxleas to be a great place to work.

The published Area SEND inspection report on Ofsted website for the Greenwich Local Area Partnership confirmed that our SEND arrangements ‘typically lead to positive experiences and outcomes for children and young people with SEND’. This is the highest possible rating under the new inspection framework introduced earlier this year. The report highlights some excellent partnership work.

This inspection in May 2023, included a review of Health, Education and Care, partnership working to meet needs of children with SEND. We received the Highest rating for SEND inspection under new inspection framework. [50222861 \(ofsted.gov.uk\)](https://www.ofsted.gov.uk/inspections/50222861)

THE APPOINTMENT

Oxleas NHS Foundation Trust is seeking to employ an enthusiastic Consultant Paediatrician with expertise in Neurodisability in community child health to help deliver a highly regarded service for children in Greenwich. You will join a team of motivated, experienced and supportive Community Paediatricians with multidisciplinary and interagency working being a significant part of the role.

This is a substantive Consultant post, including the Lead for Neurodisability, due to the current post holder retiring. Greenwich Community Paediatric Services is part of the Children and Young People Directorate (CYPD), Oxleas NHS Foundation Trust. The Consultant will be part of a team of 5.0 WTE Consultants, 1 WTE Locum Consultant, 1 specialist Paediatrician, 5.0 WTE Specialty Grade (SAS) doctors, 1 WTE Specialty Higher Trainee and an Advanced Nurse Practitioner.

The Greenwich Community Paediatric Team aims to provide high quality, equitable services to children and young people living in or out of the Borough, who are registered with a Greenwich GP. We provide diagnostic and clinical management services for children with Neurodisability and Additional needs together with statutory assessments for the Local Authority Children’s Services (Child Protection assessments, Adoption, and Looked after Child assessments, Child Death Reviews and Special Educational Needs advice for Educational and Health care plans). The candidate should be competent in the assessment, diagnosis and management in child development and disability, and in behavioural and social paediatrics. They will be expected to Lead in covering and supporting the team with the Neurodisability caseload for Children with complex needs. They will be supported to develop and pursue specific interests in the field of Neurodisability to meet the service needs and represent the team in areas of Clinical Governance.

The Consultant will have lead responsibilities for clinical and service areas across the borough. They will participate in the Child Protection Consultant of the week, day time on call rota and are required to be flexible in order to meet the needs of the service. Areas of special interest are encouraged where they are consistent with the departmental responsibilities to deliver and develop services which meet the needs of children and young people in the borough.

Children are seen at different sites within the community with the main base currently at Highpoint House, Shooters Hill, Woolwich. The service locations comprise the following:

- Child Development Centre (CDC), Highpoint House, Shooter’s Hill Road
- Willowdene Special Needs school - Primary and secondary sites
- Charlton Park Academy Secondary School

Greenwich Community Paediatrics are highly committed to achieving positive outcomes for children and families by working closely with parents and carers, our allied specialist services, GPs, and other healthcare professionals including CAMHS, local Acute Paediatricians, Children’s services for the Royal Borough of Greenwich as well as the voluntary sector.

We are actively developing the Community Paediatric service to respond to the need to meet statutory targets for LAC, Child protection and SEN and the 18-week Referral to Treatment Target. With the steadily rising referral rate of children with suspected Autism Spectrum Disorder (ASD) and Attention Deficit Hyperactivity Disorder (ADHD), we are constantly refining these pathways to meet service requirements and the needs of Children and families.

We are currently based at the Child Development Centre, Highpoint House, Shooters Hill, SE18. Located on the same site are other services including Greenwich CAMHS service, Music Therapy Audiology, Speech and Language therapists, LAC nursing Team, dietetics, the IND- ADHD Team and various members of the single point of access team that provide administrative support. The Memorial Hospital providing adult mental health and some other administrative services is next door to Highpoint House. The medical staffing service is located at Pinewood House in Dartford which is where the office of the medical director and Chief Executive are also located.

Greenwich Community Health Services became part of Oxleas NHS Foundation Trust since April 2011. Greenwich has an excellent track record of effective multi-agency working which we continue to develop. Community Paediatricians work closely with allied Health professionals including Speech and language therapists, physiotherapists, occupational therapists, Community dieticians and audiologists, all of which are also employed by Oxleas.

We have developed outreach tertiary clinics in Neuro-disability and Orthopaedics' that have been very well received by parents. We also run separate Neonatal and Down's clinics to allow streamlining of cases and development of expertise. We have recently introduced Nurse led sleep clinics to support children and families and are supported by a Health care assistant.

Main base: Our main base is at Highpoint House on Shooter's Hill Road. Highpoint House is also the base for CAMHS service, dietetics, LAC team, music therapy and the IND- ADHD Team. Shooter's Hill Road, stretches from Blackheath as part of the major A2 road. The Hill is one of the highest points in London offering good views over the River Thames to the north and central London clearly visible to the west. Oxleas wood, an open public space is situated behind Highpoint House. There is also a golf course nearby.

Travel/Access: You can get to Highpoint House by Bus, Train or Tube. These are the lines and routes that have stops nearby: Bus- 89, 486, 244 (from Woolwich- accessed by the DLR and Elizabeth tube line). Train: South Eastern (Welling station).

Parking: There is a free car park at Highpoint house and the Oxleas Memorial Hospital site next door for staff.

Oxleas NHS Foundation Trust:

The trust was named after the ancient Oxleas Woods between Bexley and Greenwich offers a wide range of health and social care services in South East London, specialising in community health, mental health and learning disability services.

Oxleas has been the main provider of specialist mental health care in Bexley, Bromley and Greenwich for more than ten years and have developed a comprehensive portfolio of services in community and hospital settings. Oxleas provides a range of physical health services to adults and children in the community in the boroughs of Bexley and Greenwich.

Oxleas NHS Foundation Trust are focusing on making recruitment and career progression fairer and improving cultural understanding.

Building A Fairer Oxleas (BAFO) is a programme to make positive changes to how it feels to work in Oxleas.

Oxleas Priorities and Values:

Oxleas purpose: To improve lives by providing the best possible care to our patients and their families.

3 big priorities for Oxleas for 2021-2024

1. Achieving zero delays and delivering right care at the right time.
2. Delivering great out-of-hospital care
3. Making Oxleas a great place to work.

Oxleas Values: developed to achieve our mission of 'Improving lives':

We're Kind, We're Fair, We Listen, We Care.

DUTIES OF THE POST

The consultant will provide a high level of clinical expertise and leadership, both for the team for which they are responsible and in borough-wide services.

The Consultant will be supported to develop and pursue their interest in Community Paediatrics.

RESPONSIBILITIES:

CLINICAL ASSESSMENT AND CARE OF CHILDREN

1. To provide assessment and case management of children and young people with complex neuro-disability and special needs, including Special Needs Schools in the Borough. The Consultant has overall responsibility for their own caseload, which will include children across the borough or living out of borough but registered under a Greenwich GP.
2. To supervise and teach non-Consultant grade doctors, including Specialists, specialty Doctor Paediatricians and Specialist Trainees.
3. Provide clinical input to multi-disciplinary clinics for the assessment of children with complex disability and special needs. These assessments include a rising caseload of children with ASD and ADHD that require assessment and further management.
4. Provide clinical input to multi-disciplinary clinics/meetings for the assessment of children with complex disability and special needs.

5. Provide medical advice to Local Authority Children's Services according to statutory legislation and guidance for Looked after Children. Clinical work may be carried out by the Speciality Doctors but children with complex Neurodisability remain on the Consultant caseload and they will have overall responsibility.
6. Provide medical advice for Royal Borough of Greenwich Directorate of Children's Services (local authority) according to statutory legislation and for children with Special Educational Needs and Disability requiring Education, Health & Care Plans (EHCP).
7. Provide Consultant supervision, support, and advice for safeguarding aspects to non-consultant grade of Doctors for their caseloads. The SAS and Specialist Trainee are on a daytime rota to examine children who have had alleged physical injury. Consultants have a rolling weekly child protection rota during working hours to provide overall responsibility and liaise directly with social care regarding all new referrals. They are expected to provide direct supervision if necessary and discuss and review all child protection reports produced that week. There is a monthly SG peer review meeting during which most cases are discussed with the whole team and any photographs reviewed.
7. To have a continuing responsibility of the care of patients in their care allowing for appropriate delegation to and training of staff and for the proper functioning of the service.

. LEADERSHIP AND MANAGEMENT

1. The Consultant will need to develop close working relationships with colleagues and other professionals within Oxleas CYPD, including the Service Director and allied health professionals in Children's Specialist services.
2. Greenwich Community Consultants are working towards closer communication and multidisciplinary working with local acute Paediatricians, to support children with complex needs and/or safeguarding issues and with Community paediatricians in Bexley, neighbouring SE boroughs, CAMHS colleagues and with tertiary Consultants at Evelina Children's' hospital.
3. The Consultant is responsible for supervision and management of Community Paediatric doctors working within Greenwich.
 4. The Consultant will need to undertake departmental administrative and management duties in collaboration with colleagues, including taking part in weekly triage of new referrals.. They must be open and honest with patients and record any incidents using the Datixweb system.
5. The Consultant will provide strategic lead and development of services within specific fields of interest, particularly Neurodisability. This will include liaison with other professionals, attending relevant health and inter-agency meetings as well as relevant ICS, regional and national groups.

TEACHING AND TRAINING

All Consultants are expected to provide teaching and training to clinical and non-clinical staff including:

1. Supervision, appraisal and training of the specialty trainee and SAS. This includes induction and regular training and supervision of the specialty trainee.
2. Training of General Practitioners and Primary Care Teams.

3. Multi-professional and multi-agency training.

RESEARCH, QUALITY IMPROVEMENT, AUDIT AND CLINICAL GOVERNANCE

1. Consultants need to be aware of the principles of clinical governance and contribute to the aim of the Trust in achieving continuous improvement in all aspects of delivery of service.
2. To work to improve clinical practice by developing protocols, quality standards and the development of care pathways specific to the service as part of the Trust and Departmental Clinical Governance programme. To represent the team at Trust Clinical Governance meetings such as Patient Safety, Patient Experience and Effectiveness as necessary.
3. Oxleas has an active clinical audit and research department, which will support audit and research projects and Consultants are encouraged to participate. In line with the Trust focus on quality improvement (QI), Consultants are encouraged to attend QI training and lead on or participate in projects with the rest of the team to improve the quality of the service.
4. Consultants are expected to be aware of the principles of clinical governance and contribute to the aim of the Trust to achieve continuous improvement in all aspects of delivery of service by enhancing quality and promoting innovation.
5. To work to improve clinical practice by developing protocols, quality standards and the development of care pathways specific to the service as part of the Trust and Departmental Clinical Governance programme.
6. There is a QI team that supports QI projects and a clinical audit department, which supports audit and research projects.
7. The Consultant will be responsible for representing the team within the Trust in areas of Clinical Governance.

CONTINUING PROFESSIONAL DEVELOPMENT, APPRAISAL AND REVALIDATION

1. The Consultant must be registered with the Royal College of Paediatrics and Child Health (or alternative college) for CPD and remain in good standing with the College.
2. The Consultant will participate in annual appraisal and job planning in accordance with national guidance.
3. The Consultant will hold a portfolio to meet the requirements for revalidation and maintain registration with the General Medical Council.
4. The Consultant will be encouraged to join relevant professional bodies and learned societies.

Statutory/Governance /Management roles	Clinical Lead for Neurodisability		0.5	0.5
SPA	CPD (1 in 2 incl. Peer reviews) Team business meeting Clinical supervision Other SPA – audit, appraisal, governance, job planning Consultant peer review/Teaching/Training.			0.5 0.25 0.25 0.25 0.25
Total PA		3.5	4.25	2.25

SUPPORTING RESOURCES

All the doctors are currently located on one site at Highpoint House.

Clerical support and secretarial support are provided via the single point of access (SPA) service that also arranges patient bookings. We use G2, a voice recognition electronic dictation system, for production of reports and Docman for electronic transfer of reports to GP practices. IT support including e-mail, intranet and internet access is available. Each member of the medical team is issued with a trust laptop to support working from home when necessary.

The department uses the RiO Electronic Patient Record for recording clinical contacts and clinical records and activity and we have moved towards a paperless system. Investigations and imaging are currently requested via editable letters and results are obtained electronically. Appraisals are done using SARD electronic system.

TERMS AND CONDITIONS OF EMPLOYMENT

The terms and conditions of employment are in accordance with those nationally agreed and laid down in the terms and conditions of employment of hospital medical staff.

Salary Scale - As per new Consultant contract October 2003

Hours of work – The post is full-time in accordance with the job plan – requests for part time will be considered.

On call – The post does not currently hold an on-call commitment.

DBS: -The post is subject to the extended DBS (formerly CRB) check procedures.

Further information prior to short listing can be obtained by contacting the Lead Consultant Paediatrician, Dr Grace Pereira email grace.pereira@nhs.net or Clinical Director, Dr Sabitha Sridhar; email Sabitha.sridhar@nhs.net or Service manager, Mrs Helen Manchester; email Helenmanchester@nhs.net

Short-listed candidates can make a personal visit to the Trust.
This can be arranged by contacting the Admin Joby Briggs, email: joby.briggs@nhs.net

Customer Care

It is the aim of the Trust to provide patients and clients with the best possible care. All staff are required to put the patient/client first and do their utmost to meet requests and needs courteously and efficiently.

Personal/Professional Development Planning/Mandatory Training

All staff should have a personal development plan and in conjunction with their manager, should actively determine and pursue agreed training and development needs and opportunities. All staff are required to attend mandatory training as designated by the Trust.

No Smoking

Oxleas NHS Foundation Trust has a no smoking policy. Staff are not permitted to smoke within or on Trust premises.

Rehabilitation of Offenders Act

Because of the nature of the work for which you are applying, this post is exempt from the provisions of Section 4 (2) of the Rehabilitation of Offenders Act 1974 by virtue of the Rehabilitation of Offenders Act 1974 (Exception) Order 19. Applicants are, therefore, not entitled to

withhold information about convictions which, for other purposes are 'spent' under the provision of the Act, and, in the event of employment, any failure to disclose such convictions could result in the dismissal or disciplinary action by the Trust. Any information given will be completely confidential and will be considered only in relation to an application for positions that the Order applies.

Starting Date

The post is to start on a mutually agreed date.

General

The post holder may be required to work at any of the Trust's sites in line with the service needs. This job description describes responsibilities, as they are currently required. It is anticipated duties will change over time and the job description may need to be reviewed in the future. All staff have a responsibility to participate in the Trust's Performance Appraisal Scheme and to contribute to their own development and the development of any staff that they are responsible for appraising

Health & Safety

All staff must be aware of the responsibility placed on them by the Health & Safety at Work Act (1974) to ensure that the agreed safety procedures are carried out to maintain a safe condition for employees, patients, and visitors.

Professional and NHS Codes of Conduct

You are required to always act in accordance with the relevant professional Codes of Conduct and Accountability (including, where applicable, those for Board Members). In addition, all management staff must comply with the 'Code of Conduct for NHS Managers' and 'Standards of Business Conduct for NHS Staff'.

Safeguarding Children

Safeguarding children is everyone's responsibility. Whatever your role within the trust the welfare of children should be your paramount consideration. In cases of suspected abuse or neglect the duty of care that member of Oxleas staff owes to a child, will take precedence over any obligation to the parent or other adult. All members of Oxleas staff who have contact with service users, or their families, should be familiar with guidance on Child Protection/Safeguarding Children from their own Professional organisations, the trust, and the London Safeguarding Children Procedures. Staff are also required to attend mandatory safeguarding children training.

Financial Management and Control of Resources

All staff are responsible for the security and the property of the Trust, avoiding loss or damage and being economical and efficient in the use of resources. Staff are required to act in accordance with the rules and regulations as described in the Trust's Policy relating to the Financial Management and Control of Resources'.

Customer Care

It is the aim of the Trust to provide patients and clients with the best possible care. All staff are required to put the patient/client first and do their utmost to meet requests and needs courteously and efficiently.

Personal/Professional Development Planning/Mandatory Training

All staff should have a personal development plan and in conjunction with their manager, should actively determine and pursue agreed training and development needs and opportunities. All staff are required to attend mandatory training as designated by the Trust.

No Smoking

Oxleas NHS Foundation Trust has a no smoking policy. Staff are not permitted to smoke within or on Trust premises.

Terms & Condition of Employment

The Terms and Conditions of the post are in accordance with those nationally agreed and laid down in the Terms and Conditions of Employment of Hospital Medical and Dental Staff.
The following is a summary of the main Terms and Conditions.

Salary	The agreed salary scale for Consultants, according to experience plus London Weighting
Pension	NHS Contributory pension scheme.
Life Insurance	Covered with NHS Superannuation Scheme.
Criminal Record Bureau	Appointment subject to Criminal Record Bureau clearance.
Holidays	6 weeks plus 2 days statutory after 2 years in post (or previous recognised entitlement) and 8 public holidays per annum. Leave agreed by the Clinical Director and covering colleagues.
Study leave/leave and cover arrangements	30 days/ 3-year period. Leave agreed by the Clinical Lead. Please refer to the terms and conditions regarding sick and compassionate
Travel expenses	Alternative transport arrangements for non car drivers on essential journeys. Please also see terms and conditions
