ORGANISATIONAL CHART:

OVERALL PURPOSE/ROLE SUMMARY:

SCAS CSD Clinicians remotely monitor emergency 999 calls received by Emergency Call Takers (ECTS) to ensure the most clinically appropriate care outcomes are delivered to patients. CSD Clinicians are required to make dynamic assessment decisions that are supported through the effective use of Trust evidence based clinical telephone decision support software systems.

MAIN DUTIES AND RESPONSIBILITIES:

- 1) To work within a team as an autonomous practitioner and provide high quality complex clinical telephone triage using knowledge, skills, critical thinking and professional judgment supported by clinical decisions support software systems.
- 2) To review incoming symptom based and health information telephone enquiries and assess for urgency and priority.
- 3) To provide evidence based healthcare advice to patients and field operational staff supported by clinical decisions software systems to facilitate onward referral to other areas within the NHS if required.
- 4) To liaise and communicate clinical information verbally and via technical links with health economy partners to ensure continuity of care for patients.
- 5) To actively participate in the delivery of Trust ambulance performance standard that are nationally determined, clinical indicators and locally negotiated performance standards.
- 6) To attend and actively participate in regular team meetings and work with the line manager to improve and/or consistently maintain performance.
- 7) To actively participate in monthly call audit processes including self-reflection.
- 8) To participate in Individual Performance Review and Development (IPRD) and

Performance Development Plans.

- 9) To meet all PREP (post registration educational and practice) requirements.
- 10) To ensure continued professional development through mandatory training and within personal development plans.
- 11) To provide evidence based clinical and professional expertise as required to operational colleagues.
- 12) To adhere to all local and national policies, procedures and protocols provided.
- 13) To comply with Clinical Governance standards including audit and customer satisfaction programmes, and to ensure continuous development of a quality service.
- 14) To maintain confidentiality in relation to all user and South Central Ambulance Service information, ensuring that data is only disclosed in compliance with NHS Protocols.
- 15) To ensure the compliance with Trust and national requirements of safeguarding vulnerable adults and children policies in operation with the health economy partners covered by South Central Ambulance.
- 16) To adhere to professional Codes of Practice at all times.
- 17) To maintain professional standards and representation of South Central Ambulance Service NHS Foundation Trust both internally and externally.
- 18) The ability to remain focused on service delivery with an unpredictable, diverse and challenging workload.
- 19) Promptly refer any issues/concerns outside the scope of the post holder's responsibilities to the Line Manager.
- 20) Carry out tasks relating to evaluating services, e.g. audits and equipment trials.
- 21) Work as an effective member of a high performance team, ensuring self-awareness of surrounding environment and events.
- 22) As and when required, to cover other roles in SCAS, commensurate with individual levels of training.
- 23) To be flexible and adaptable to support service delivery across the organisation.
- 24) Have knowledge of escalation policies and emergency procedures as necessary.
- 25) Reflect the diversity of needs in healthcare communities by utilising all available

resources to facilitate access to the service where there are barriers to communication and understanding, e.g. text phone, interpretation services.

- 26) To ensure appropriate and effective communication links with other departments, and other areas of SCAS.
- 27) Be able and confident to identify the need and take action to modify and adapt methods of communication to account for the differing needs of patients and callers especially in stressful and difficult situations.
- 28) To be confident in adapting, escalating and maintaining control when dealing with safeguarding or life threatening situations under pressure.
- 29) Ensure polite, efficient and appropriate communications exist at all times with their clients, e.g. patients, relatives, medical and other NHS emergency service personnel.
- 30) Deal with highly emotional, verbally aggressive, abusive or threatening callers and defuse such situations when appropriate, often under difficult and hostile circumstances.
- 31) To liaise with frontline Specialist Paramedics to coordinate and ensure effective utilisation of resource.
- 32) Focus on all levels of call acuity to ensure the clinically appropriate level of response is dispatched in line with patient safety and performance targets.
- 33) To actively participate in the Trust's annual appraisal process.
